

# EnviroTouch™

This product provides tissue manufacturers an exceptionally clean, low ash recycled fiber that performs consistently on-machine, with low levels of dirt and minimal stickies.

Brightness levels are tailored to meet a range of production needs.

100%

The mark of responsible forestry

GRADE	Brightness		Dirt-TAPPI	Solids	Freeness	Stickies		Ash
	% GE	% ISO D-65	> 0.02mm <sup>2</sup> - ppm	% air dry avg	CSF ml	Count in 50g	Count in mm <sup>2</sup> / 100g	%
EnviroTouch™ BK	≥ 72	≥ 80	≤ 30	58	≥ 350	-	≤ 25	≤ 2.5
EnviroTouch™ FX	≥ 78	-	≤ 15	58	≥ 410	≤ 10	-	≤ 2

HIGH FREENESS
LOW ASH
LOW STICKIES
PROCESSED CHLORINE FREE

### Applications

- Tissue
- Technical and specialty
- White top liner

Printed on Rolland Enviro Print, 80 lb. Text. This paper contains Sustana 100% post-consumer fiber, is manufactured using renewable energy – Biogas and processed chlorine free. It is FSC® certified and Ancient Forest Friendly™ certified.
